Dear Paul, re H. McDermid HW 1/8/80

In the copying to be done and to be enclosed with this is a Chicago repprt on McDermid's telegraphed offer to rep. Oswald that I do not recall seeing in previously available info. It is that WU did not deliver to LHO. Instead it confirmed delivery to the police, with the explanation they could get no farthur. The original copy of the telegraph could not be found, allegedly.

I am not aware that any telegram was found on Oswald's person or in his cell, so it appears that the police did not deliver the offer of counsel
